

How-to guide

LINK MYBSWHEALTH ACCOUNT TO EMPLOYEE ID

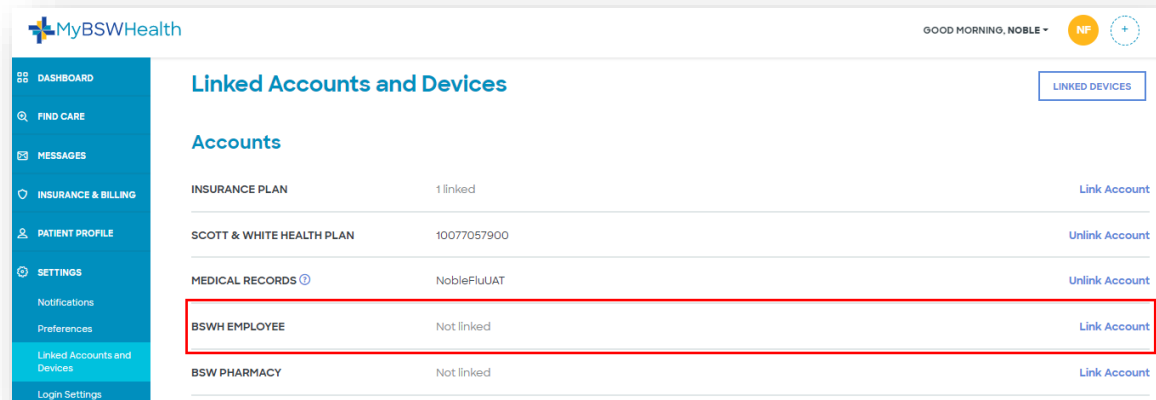

To link your MyBSWHealth account to your employee ID, follow the steps below.

If needed, first [create a MyBSWHealth account](#).

1. [Sign into your MyBSWHealth account](#)

Trouble logging in? Complete a [password reset](#) or [username retrieval](#).

2. From a website browser (not the mobile view or app), click **Settings** from the menu, then select **Linked Accounts and Devices**

3. Find **BSWH Employee** and select **Link Account**

4. Enter your **BSWH username** and select **Verify and Link**

- If prompted, you may see the Secure Auth process appear. Follow the steps to connect—entering your **BSWH username** and **password**.
- If you are on the BSW network or have recently logged in via Secure Auth, you may not see this step.

5. When you see the “Success!” screen the process is complete
